

Collect beautiful moments and let them tell the story of your life.

Our community hospital, St. Aloisius, held a Health Fair and we had a great turn out!

HAV-IT's table was meant to attract kids of all ages with a chance to win a Family Game Night Stack of fun. In order to be entered to win, each student had to look at our boards and tell us something they like to do that people with disabilities also enjoy doing.

The goal was to raise awareness and promote inclusivity.
